Sabbath School Lesson No. 5 – May 2, 1970
Lesson Title: Give A Man A Chance!
Keytext: And he trembling in astonished said, what will thou have me to do? And the Lord said unto him, Arise and go into the city and it shall be told thee what thou must do. Acts 9:6. Was Saul given a chance? Read Acts 9:6-20. We often hear remarks to the effect that some people never have a chance to make anything of themselves. It is said that they are born in poverty and ignorance and grow up among associates who have no more ahition than they; hence these individuals never improve themselves and drift from bad to worse. The Bible nowhere subscribes to this picture of man's state and potential. The grace of the Lord Jesus Christ is pervasive and powerful enough to transform any life and to lead to positive complete victory.

In the parables we are to study this week eternal truth is embedded in perennial circumstances and enfolding episodes. Let us study them from the perspective of our title "Give A Man A Chance." We shall see that the major roadblock to a full and rich life is man himself.

Lesson Outline: 1. Everyone Gets A Break. Matt. 20:1,2. 2. Same Pay for Each. Matt. 20:8-16. 3. Settle Out of Court. Matt. 5:25, 26. 4. Nothing could be better. Matt. 21:33. 5. Greedy Tenants. Matt. 21:34 - 39. 6. What Will Be the Payoff? Matt. 21:40-43.

The church in this generation has been endowed by God with great privileges and He expects corresponding returns.

Mothers

I think God took the fragrance of a flower
A pure white flower, which blooms not for world praise
But which makes sweet and beautiful some bower;
The compassion of the dew, which gently lays
Reviving freshness on the fainting earth;
And gives to all the tired things new birth;
The steadfastness and radiance of stars,
Which lift the soul above confining bars;
The gladness of fair dawns; the sunset's peace;
Contentment which from trivial rounds "asks no release"
The life which finds its greatest joy in deeds, of love for others - - -
I think God took these precious things and made of them The Mothers.

Lloyd Vaughan, Editor

Appomattox, Virginia

Mr. Vaughan:

Several people in Appomattox have asked that I contact you to request that the following article regarding Mr. Gordon Bragg be reprinted in your paper. The story appeared in The Daily Advance, Lynchburg, last Wednesday and, as you know, most people in our area do not receive this paper and are quite interested in reading it.

I do hope you can make arrangements to use this article.

Sincerely yours,
Beck Hudson

On The Sidelines—

Bragg's Successor To Be Named Soon

By Dave Thornton

The furor over the firing of Appomattox football coach, Gordon Bragg, has abated somewhat but there is still some smoldering.

The Appomattox County School board hires teachers first and then the coaching staff is named, usually by the principal.

It may be that a successor to Bragg will not be named until later in the summer when the ire of the Appomattox patrons has simmered down.

However, principal Frank Chuchek said today that a new football coach at the consolidated school should be named within the next few weeks.

He said that Joseph Lewis, who formerly coached all sports at the now defunct Carver-Price school, will not be a prospect for the football job. Chuchek indicated that Lewis will probably coach basketball next season at Appomattox. "We'd like to see our coaches to handle just one major sport," Chuchek.

Bonnie Compton, a native of Gretna and a Longwood College graduate, has been an assistant to Bragg for several years but has not had any head coaching experience and is a doubtful candidate for the football job.

Chuchek reiterated what had been said earlier when he commented, "We would hate to lose Mr. Bragg's know-how. We hope he will be our athletic director and help set up a good intramural program. He's a good physical education man."

Gordon Bragg

The 52-year-old Bragg had put in 22 years as a coach at Appomattox—handling the three major sports plus track over the years.

The school board argument that Bragg might bring the school harm by being involved in further incidents on the field was a very flimsy one to say the least. Everyone knows that Bragg has a very competitive spirit. He's put his heart and soul into football at Appomattox for 22 years.

The incident at Nelson County last fall was a blessing. In fact, we were very surprised that officials and football coach Sherman League handled the incident to the Virginia High School

High schools were probably at fault for the flare-up of tempers and it should have been seen. These things happen in the heat of competition. But since Appomattox had been reprimanded earlier by the VHSL, the school was put down a probation by the VHSL, who we feel and never really gave Bragg a chance to explain his case.

And it was particularly upsetting to many Appomattox followers that Nelson County used officials from the Charlottesville area, one or two of whom reportedly were not on the approved list of football officials.

If the Appomattox school board wanted to get Bragg out as football coach, it could have done it in a better way. Using the incidents on field as an excuse and then publicizing their action was a poor way of saying thanks to a guy who has given a lot of his life to the school.

How many times in years gone by has Bragg left the baseball field, the football field and lots of other extra time when he was getting no extra pay for it?

It is unfortunate that so many outstanding years of service to a school must be smeared by an incident which caused school officials to badly mishandling of a devoted servant in the end of his career.

Squad Answers Emergency

That hunk of twisted metal on the top of this sedan is the left-hand door, result of a one-car accident Friday evening on Rt. 460 east of Appomattox that sent five U.S. Navy men to the emergency room at Lynchburg General. Squad reporter Grover Beasley, Jr. (above) said that both vehicles were used for this one accident, involving 16 man hours. The Squad used back boards to transport two possible back injuries. National Guardsmen passing the scene assisted with the wounded. The Squad feels the need for a third vehicle so that similar calls will not find Appomattox county without a suitable vehicle within the county limits. A drive for funds for a new ambulance is being planned for the fall.
